

**Finolex Cables: Powering Connections with Excellence and Reliability**  
Innovative solutions for a brighter, safer future. Trusted by millions for high-quality electrical cables and wires, ensuring durability, efficiency, and unmatched performance in every connection.

## Finolex Gold FR PVC Insulated Cable

Finolex Cables is one of India's leading manufacturers of electrical and communication cables. The Gold series represents their premium range, known for superior quality and durability. These cables are designed for both residential and industrial applications, offering high conductivity and long-lasting performance. They are made with high-grade copper and advanced insulation materials to ensure safety and efficiency.

### Key Features of Finolex Cables Gold

- High Conductivity: Made from 99.97% pure electrolytic grade copper.
- Durable Insulation: Offers high resistance to heat and moisture.
- Energy Efficient: Reduces energy losses due to superior conductivity.
- Safe: Fire-resistant and low smoke properties ensure safety in critical conditions.

## Finolex Silver FR PVC Insulated Cables

Finolex Cables Silver is a range of electrical cables offered by Finolex, known for its reliability and quality. These cables are designed for various residential, commercial, and industrial applications. They are made using high-grade copper or aluminum conductors and are insulated with premium-quality PVC for safety, durability, and efficiency.

### Key Features of Finolex Cables Silver

- 1. High Conductivity: Ensures low power loss and efficient energy transmission.
- 2. Safety: PVC insulation offers resistance to heat, moisture, and electrical shocks.
- 3. Durability: Resistant to wear and tear, making them suitable for long-term use.
